

**EIGHTEENTH ITEM ON THE AGENDA****Pensions questions****Report of the Board of the  
Special Payments Fund**

In March 2003, the Committee took note of a document containing the Report of the Board of the Special Payments Fund, which proposed changes to the rules of the Fund concerning the eligibility of those who request payment.<sup>1</sup> As this might have entailed financial obligations for the Office, the Director-General indicated that he would study the proposal and report back to the Committee at its session in November 2003. Following consultation with the Board of the Special Payments Fund, it has been decided that the matter will be reported to the Committee at its March 2004 session, together with the regular report of the Special Payments Fund.

Geneva, 24 September 2003.
